DELF/DALF
Advanced French classes

 L'Ecole Française du Maine

A unique and authentic learning environment, L'Ecole Française du Maine, is the Only Official DELF/DALF Test Center in the State of Maine and North of Boston.

All classes are taught in French by native speakers of the language who are Certified in DELF/DALF. Our A1-C2 programs closely follow the directives of the CERCL and The French Ministry of Education.

L'Ecole Française du Maine offers Advanced French Classes for its students who wish to keep advancing their French after completing their immersion education at the School.

About DELF / DALF

The goal of the DELF/DALF program is to provide an opportunity for our graduates and other advanced French students to converse in French on a regular basis and to keep up with written skills in a fun and challenging atmosphere. Regular attendance is required to participate and benefit from the program. While there is much to learn, there will be limited out of class assignments.

The classes prepare the students for the DELF/DALF exams. The Diplôme d'Etudes de Langue Française (DELF) (English: Diploma in French Studies) is a certification of French-Language abilities for non-native speakers of French, administered by the International Centre for French Studies (Centre International d'Etudes Pédagogiques or CIEP) for France's Ministry of Education.

We also welcome outside students who have had a French experience at some point and who are looking to improve their proficiency in the French language.

Scores are valid for life

The entire program includes six different units: A1,A2,B1,B2,C1,C2. Each unit leads to an exam and, if successfully passed, to a French diploma. The last levels of the program can give access to French universities without having to take another proficiency test before enrolling in a class.

University students seek DELF/DALF for several reasons. A B2 or higher level could exempt college students from foreign language requirements or allow them to be accepted into higher-level classes sooner than is typical. College students seeking an experience abroad benefit from DELF/DALF as well. A B2 or greater DELF/DALF level will allow students to fully integrate into all classes at universities in French-speaking countries, instead of having to take special courses designated for American students. This allows for a more full and authentic experience abroad. The institution itself will make the determination, but the DELF/DALF will provide the students with an official record of their advanced proficiency in French.

The DELF/DALF certification is valuable professionally as it serves as an official and highly-recognized proof of fluency in French.
